She will work with others across the parties to get the best results for our area. The county council needs her on board – vote for Sarah Osborne. ”

“ Sarah Osborne has a strong track record as a very effective district councillor, both in standing up for people in her own elected area, and for persuading councillors of all parties to make changes for the good of everyone. ## Lib Dems – fighting cuts to schools and social care

New figures show schools across East Sussex could lose over £17 million - headteachers and parents are writing in protest.

Lib Dem Parliamentary Campaigner Kelly-Marie Blundell said: “Unless the Conservative Government’s changes are stopped it means deep funding cuts to our much needed local schools.”

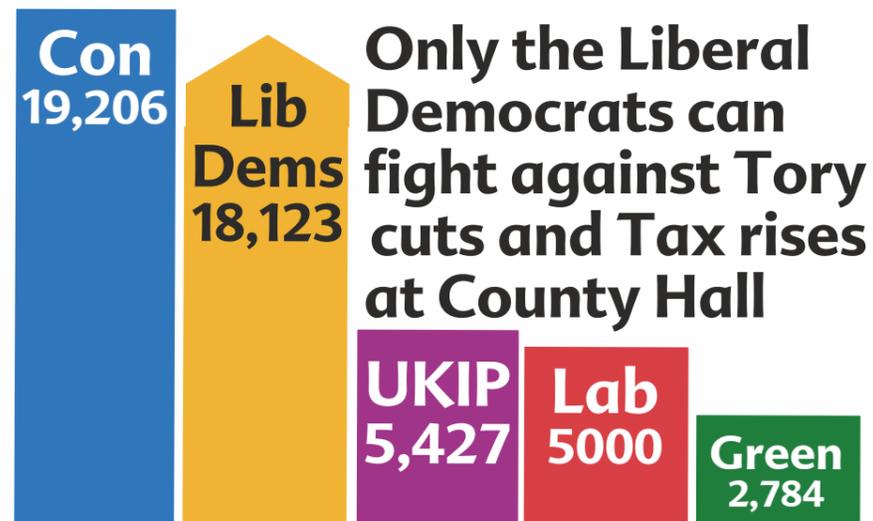

Lib Dem County Candidate Sarah Osborne added: “Our children’s future should not be risked – we need to fund our schools properly”.

Sarah Osborne has also pledged to help elderly and vulnerable people by reversing damaging care cuts and put millions back into East Sussex social care services.

Sarah said: “The Conservatives have failed to properly address our social care funding crisis”. Kelly-Marie Blundell added: “Lib Dems want to reform the funding of our health and care system so people can get the support they need.”
